The Red Cross Thanks
The Newspapers.

To the Editor: The newspapers again have made an important contribution to the success of the American Red Cross

Through the newspapers' co-operation with local Red Cross chapters and branches and with the Lake Division Department of Publicity, the Red Cross Christmas Roll Call in Ohio, Indiana and Kentucky proved an unqualified success.

The newspapers have adequately supplemented the work of canvassers in convincing the public that membership in the Red Cross is just as much a duty in the reconstruction period as it was when war was in progress that the Lake Division now boasts of 2,275,000 members, a quarter of a million more than it had last year. We thank you! D. C. Dougherty, Director, Department of Publicity.

Union Thanksgiving sermon, in part, delivered by Dr. J. Talbert Keenan, Pastor of First Methodist Episcopal church of the city, in the Masonic Temple:

"O give thanks unto the Lord for he is good: for His mercy endureth forever."—Psalm 134-1.

"Blessed is the nation whose God is the Lord."—Psalm 33-12.

My Countrymen let us thank God that we are victorious. Let us thank God that we are Americans. Let us thank God that we are a Christian nation—that our land has become the cradle of world liberty—a land that has never cringed to tyranny. And with the glory of Chateau-Thierry, on this day of Thanksgiving, brilliant the Marne and Sedan, there is fresh luster shed to the memories of Concord, Lexington and Valley Forge and to the noble heritage of Washington, Putman and Perry we ascribe honor and praise to Foch, Haig and Pershing, the triumvirate of the world's freedom.

The Career Of Nations.

"Blessed is the nation whose God is the Lord." Primarily this text supports the facts that every nation which preserves its allegiance to the manent, and every nation which fails Almighty, is prosperous and per- in such allegiance has but a desultory career, and disappears like a dissolving star in the firmament or a snowflake in the river.

The record of the history of the world corroborates this implication from the Word. Rome was mistress

of the world, but turning her back on God, when her young men laid aside their shields and spears, gave free reign to their lusts, spent their time perfuming their clothing and curling their hair, was blotted from the map of the world. Athens, ranking first in wisdom, and having skillful men of genius, so that it was declared that marble actually breathed under the touch of Phidias, forgot God and is not. Babylon, a city of marble, with a world career before her, forgot God and is now numbered with the fallen nations. And now, Kaiser Wilhelm II, exalting self above Jehovah, gave up Christ for Krupp, is a perishing fugitive from the crumbling German empire, fleeing as Kink Belshazzar from his throne in Babylon at the hand writing on the wall. Seeing the down-fall of other nations who have depended upon their own strength instead of that of the Deity, may we not well to fasten the meaning of Kipling's "Recessional" upon our memory. God of our fathers, known of old, God of our far-flung battle line! Dominion over palm and pine! Lord God of host be with us yet, Lest we forget, lest we forget!

The tumult and the shouting dies, The captains and the kings depart, Still stands thine ancient sacrifice, An humble and contrite heart. Lord God of hosts, be with us yet, Lest we forget, lest we forget!

God's America.

God wants America for himself. This seems to be plain by may our continent was discovered. The Phoenicians, according to Strabo, in 400 B. C. tried to reach our land and failed, and for hte same reason, Eric the Red and his herdy Norsemen, in 1000 A. D. failed, because God had in mind higher ideals of civilization than those represented by Baal and the gods of Valhalla.

The Pilgrims who had been cradled in liberty and were seeking a place where each man might worship God and hold communion with angles, without being disturbed, were permitted to found our national life, so placed in our nation at its very genesis, that religion of a high order had a God must have intended this country for Himself, because of the position among the nations of the world which he has ordained that it shall occupy. Gladstone said, "America has a natural base for the greatest continuous empire ever established by mankind."

We are an empire of 3000 miles of coast line, 75 per cent of the gold of the world, with a wealth aggregating

250 billion of dollars, 35,000,000 of our more than 100,000,000 of people are members of Christian churches in our United States of America. Surely here are messengers to "carry the Message and lip to tell the story of salvation.

America A World Power.

Our nation has been directed by men chosen of God. From the days of the Puritan fathers we have been taught to fear God and take our own part. We have stood with the people who were right and parted with the people who were wrong. We have endeavored to carry our the fundamental principals in the speech of Abraham Lincoln at Gettysburg. From that day we have resolved that our deeds shall not die in vain, and that the government of the people by the people, and for the people shall not perish from the face of the earth.

Humanity sweeps onward and the Judases must go. We have found that it is easier to be heroes than to be tortured slaves. The closing scenes of the world conflict brings to our mind the words of James Russell Lowell: Was the Mayflower launched by cowards steered by men behind their time?

Turn those tracks toward Past or Future, that make Plymouth Rock sublime?

The reformation of England began with the people and ended with the spread of Christian civilization. The German reformation began with the professors, philosophers and military leaders, and ended with the crash of the military powers of princes. There is only one power that can arrest the descent of a nation and save it, and that is Christian religion.

Democracy is but a side issue. The underlying issue of democracy is the religion of Christ and Him crucified, the bed rock of civilization, the source and resource of all that is worth having in that world that is, that gives promise in the world to come, as a mighty force and principle of being. The Word of God, delivered by the gentle Nazarene upon the hill-sides of Judea, sanctified by the Cross of Calvary, has survived every assault. It is arrayed upon land and sea to meet the deadliest of assaults, Sat-

an turned loose for one last final struggle.

The Kaiser boldly threw down the gage of battle—Infidel Germany against the believing world—Kultur against Christianity—the Gospel of Hate against the Gospel of Love. Here is the Satan personified—"Myself and God" merely his way of proclaiming it—for his God is Beelzebub, the Angle of destruction, his creed the devil's own, his aim and a hell on earth. Never did Crusader lift battle-ax in holier war against the Saracen than was waged by our soldiers of the Cross against Germany. The issue are identical.

"As Moses lifted up the serpent in the wilderness, even so must the son of man be lifted up." The Allied forces of the world have lifted up the son of man in the wilderness of Germany autocracy and the nations that must perish by their own sword.

Oh, Give Thanks.

Democracy and Christianity have each been on trail for their life. They have passed through the fires of the most inhuman sort. They have turned their billions into the machine of war. They have made the fields red with the blood of their most noble sons. Nothing great and enduring has ever come without a sacrifice. The Son of God perished under the same sort of murderers as have been defaming their existence. Oh, give thanks that we are on the Lord's side. We have received the promise given to Abraham and to his seed—"And thy seed shall be as the dust of the earth, and in thee and in thy seed shall all the families of the earth be blessed." Oh, give thanks that we live in a nation "whose God is the Lord," that we inhabit its fertile

fields that we enjoy its freedom and its Christian homes, Oh, give thanks that the heathen has been conquered and that the Christian nations now come into possession of Jerusalem and the Holy Land with the great secrets of Babylon. "Give thanks unto the Lord, for He is good, for His mercy endureth forever," even until now.

Our Opportunity.

Our great opportunity is to restore to the human mind of the crushed nations of the earth, something of the ideals of our Lord and Christ. The ideals are found in God's prophets. They have the right of way. They kindle a touch that centuries cannot quench, that kings and crowns cannot destroy. They utter a new evangel, and open a new door, and copnor a new foe, they plant a new republic, they found a new civilization.

Mankind will never forget Abraham, or Moses, or Leonidas, or Pericles, or Paul, or Richelieu, or Cromwell, or Washington, or the great triumvirate—Haig, Pershing, Foch, and our commander and chief—President Wilson. Add to these Issiah,

Dante, Shakespeare, David, Tertulian, Pascal, Milton, Plato, John of Patmos, Joan of Arc, Edison, Lincoln. As we descend the slope of the gulf to devouring time, we grasp the ideals of these prophets and men of God, epoch makers, reformers, with thanksgiving to God for such men and their ideals, for their works do follow them.

Oh, give thanks unto God that we can join this sacred galaxy of persons with "peace on earth and good will to man," and as the marvelous constellation grows brighter and brighter from moment to moment, ardent as
